

IMPORTANT SAFETY RECALL

February 2019

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2010-2011 model year Chevrolet Malibu vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM safety recall N182206630.

Why is your vehicle being recalled?

Your vehicle was equipped with an ARC front-driver airbag inflator that could over pressurize during airbag deployment and rupture. If the front-driver airbag inflator ruptures during deployment, the airbag may not fully inflate, and the release of high-pressured gas may propel pieces of the inflator and airbag module into the occupant compartment, causing or increasing the risk of injury to occupant(s) in a crash.

What will we do?

Parts to repair your vehicle are not currently available, but when parts are available, your GM dealer will replace the front-driver airbag module. This service will be performed for you at **no charge**.

We are working as quickly as possible to correct this condition. When parts are available, we will send you another letter asking you to take your vehicle to your GM dealer to have your vehicle serviced. You can also check the status of this recall at: <https://my.gm.com/recalls>. If you have already paid for repairs for this condition, you may submit those charges using the reimbursement request form that will be provided with the next letter.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below.
